

Softurf®

Premium Mats

Quality you will walk on for a lifetime!

About Us

Softurf is a market leader in manufacturing PVC cushion mat rolls, door mats and car mats.

Our expertise is in the production of supreme quality, long life PVC floor matting solutions to ensure that our customers are always walking on safety and hygiene!

Our stylish and sturdy mats are designed to withstand load due to footfall and wheeled traffic, also ensuring that your building is kept clean and safe from incoming dirt and dust.

The applications for our mats are varied and numerous. Entrances, doorways, lobbies, aisles, corridors, kitchens and other common areas in commercial and domestic buildings are a few applications. Industrially, large kitchens, automobile receiving areas, laboratories, boats, ship decks and many other such spaces truly enjoy and benefit from our matting solutions.

Our expert team of R&D specialists are constantly innovating to bring matting solutions that deliver safety and protection from dirt and dust entering your buildings. Our state-of-the-art manufacturing plant in Bangalore, equipped with cutting-edge technology ensures that our mats are of the highest quality and delivered on time, every time!

Our happy customers are testimony to our quality. We look forward to serving you too!

Quality you will walk on for a lifetime!

HEAVY DUTY

Softurf®

Sturdy and stylish, colourful and long-lasting – our **Heavy Duty** mats are intently designed to protect our floor from harsh, grainy dirt and dust.

Tested and highly recommended for **extremely high footfall** areas, our Heavy Duty is the mat of popular choice among our happy and content clientele.

Application

Our Heavy Duty mats are best suited for common areas that invite extremely heavy footfall and/or dust controlled areas.

- Lobbies
- Aisles and Corridors
- Building Entrances
- Lifts (inside and entrance)
- Entry points at industrial dry areas that require a clean and dust-free environment

Maintenance

Intermediate Cleaning: Vacuum or wash

Deep Cleaning: Pressure wash or soap wash

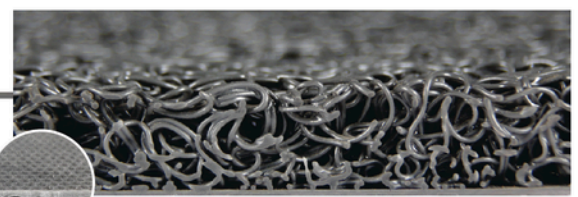

● Strong, extra thick coils make it **tear and crush resistant**

● Close and thick web construction for maximum and easy **removal of dirt and dust particles**

● Supreme quality PVC acts as a **fire retardant**

● Slip resistant backing

Material	● Poly-Vinyl Chloride
Cross-section Width	● 17 millimetres
Weight/Square Metre	● 7.5 kilograms (+/- 5%)
Roll Dimensions	● 9.15 metres x 1.22 metres
Backing	● Yes, same as mat colour
Load Capacity	● Extremely high-high foot-fall

Quality you will walk on for a lifetime!

Delta is our undisputed winner for spaces that invite **high to medium footfall**. Be it busy office spaces, recruitment areas with thousands of walk-ins, or auditoriums that people enjoy, Delta is your go-to product! For class and hygiene, choose from vibrant colours that go with your colour scheme and it's our assurance that you'll love it!
